- ☐ 3. T-34 tanks and other track-laying vehicles were unloaded at the Bernau railroad station on 20 October 1950. The Soviet soldiers seen in the streets of the town since 22 October 1950 indicated that the units previously stationed in Bernau had returned from the Templin summer camp. Edelweissstrasse paralleling the Luftnachrichten Schule had been cut off from the Bernau-Wandlitz Chaussee by a new wire fence and was thus blocked to civilian traffic. *
